Soft Skills

Teamwork   Adaptability

Om Shrestha

Full Stack Web Developer

Professional Summary

Dynamic Full Stack Web Developer with expertise in the MERN stack, JavaScript, and creating seamless integration between front-end and back-end components. Proficient in Generative AI and rapidly learning new technologies, ensuring high-performing and scalable web applications. Strong problem-solving and collaborative skills ensure continuous improvement in development workflows.

Projects

spotify clone   Live Demo Link   Github Repo Link

JavaScript   Git   HTML5

Responsive Web Design   CSS3   bootstrap

- Developed core functionalities to emulate Spotify, including music streaming, playlist management, and user authentication.
- Implemented a robust search functionality and recommendation system based on user preferences and listening history.
- Designed a responsive, user-friendly interface using HTML, CSS, and JavaScript, ensuring cross-device compatibility.
- Built secure authentication mechanisms to protect user data.
- Enabled seamless playback with full control over play, pause, skip, shuffle, and volume options.

tmatrix   Live Demo Link   Github Repo Link

JavaScript   Git   CSS3   HTML5

- Collaborated in a team of 5 to design and implement the UI components using HTML, CSS, and JavaScript.
- Contributed to creating a clean and intuitive interface for an enhanced user experience.
